Area of Interest: Simplified Acquisitions

- Historically, each NASA Center awarded and administered simplified acquisitions (the procurement of supplies or services that are over \$3.5K and less than \$150K).
- Beginning in May 2016, select SAT procurements began transitioning to the NSSC. The following were not within the scope of the transition:
 - New awards with a potential value over \$150,000 (even those utilizing simplified acquisition procedures);
 - New Indefinite Delivery, Indefinite Quantity (IDIQ) contracts or Blanket Purchase Agreement (BPAs) that permit the award of orders with a potential value over \$150,000;
 - Orders under \$150,000 issued against an IDIQ contract or BPA retained by the Center (this does not include orders issued against any of the Solutions for Enterprise-Wide Procurement (SEWP) contracts);
 - Interagency Agreements;
 - Small Business Innovation Research (SBIR) Phase III contracts that are retained by the Centers;
 - Grants that are retained by the Centers;
 - Orders for construction, facility repair or A&E services (PSC codes "C1", "C2", "Y", and "Z"); and
 - SAT purchases made by institutional support contractors on behalf of the Agency.

Area of Interest: Simplified Acquisitions

- **NSSC Posture:**
 - Reasons for dissolution of SB Set Aside:
 - Valid sole source justification
 - No quotes from small businesses received
 - Quote(s) received are above fair market price
- **What you can do to participate:**
 - Monitor Federal Business Opportunities (FBO) – Typically, unless an item requires expediting, NSSC will post RFQ's for 5 days.
 - Register on the NASA Vendor Database
